

Since 1983.....

The World's Best Hot Rod Seats

Trucks

Pickups

Newer Cars

Newstalgic Cars

Street Rods

Today, people prefer new, stylish, brand name products made from the latest technologies available compared to recovering old used seats or an attempt at a homemade seat that all too often results in disappointment and too much money spent.

Seats designed to fit both you and your car

At TEA's Design, seats are our only business and we do it perfectly. From knowing the latest trends in colors, materials, and using only the best raw goods available, we lead the way. All seats are finished and wrapped in plastic

with extra matching fabric to finish your interior, or frame and foam. Upholstery shop friendly, TEA's Design seats are the most popular seat in the HOT ROD world. Used by thousands of rod and upholstery shops in the last 35 years.

is also on our web page with the same colors so you can get a better look at them. At that point you can call us and get live samples of what you want. Always remember, you can call us for

help in choosing the right color for your new interior. We have over 35 years of experience doing this and can help you imagine what you can use for your new interior.

Upholstery Materials

For more than 35 years we have watched the trends in upholstery material as they have come and gone. From Mohair, Tweeds and Suedes of various types. The vinyl generation with its evolution over time. And even animal skins of traditional nature to exotic Ostrich and Alligator being used to express our imaginations in our projects.

As times change TEA's is always focused on using quality material to cover our unique seats. We have found that not every material works with our uniquely designed seats. We continue to focus on finding and using only those materials that enhance our seats. This insures our product meets the expectations of our customers and insures the customers has no issues with the rest of their project either.

Our top grade 100% Genuine Imported Leather will forever be the bench mark of timeless material in our product coverings. The more recent evolution of Synthetic Leather coverings has changed the game in looks vs cost. We have the customer covered with our selected lines of products that are as luxurious as our unique SEATS. Cloths and woven fabrics continue to be great solutions for coverings as well. These come and go in design but quality is always top priority here at TEA's.

You can be the judge but be assured TEA's focuses on what works for our seats knowing you will be satisfied with the finished product.

Ordering Information

What You Need To Know...

- All seats come to you totally finished and detailed by our craftsmen, or frame and foam.
- We recommend you buy the rest of the fabric to upholster the car at the time of purchasing the seats so the dye lot matches.
- All seats are hand built to the size that will fit your car. We want your seats to be built with the fine quality you expect, so plan adequate lead time.
- All seats are made from new products including slide tracks and installation hardware.
- All seats are shipped in double corrugated boxes.

What We Need To Know...

- Would you like a sales expert to help you plan your interior purchase?
- The make, year, and body style of the car that the seats are going into.
- Has the car been modified in the interior?
- Example: roll cage, channeled floor, raised drive shaft tunnel, wheel tubs enlarged, raised floor boards, etc.
- The shape of the seat or seats you want. Example: Bucket, Bench or Split Bench.
- The style of seat or seats you want. Example: Pro 90, Image, Koncept 90 etc.
- The fabric color you want the seats done in.
- The amount of fabric needed for the rest of the interior. Our sales experts can help you with this.

Prices: All prices F.O.B. Rochester, MN. Residents of Minnesota add sales tax. Prices subject to change without notice. TEA'S Design reserves the right to correct any typographical errors.

Terms: All shipments are C.O.D. & F.O.B. Rochester, MN and all merchandise remains the property of TEA'S Design, Inc., until paid in full. If terms have been accepted a 1½% per month surcharge will be added on past due invoices.

Shipping: All shipments will be via truck, air or U.P.S. freight collect, F.O.B. Rochester, MN.

Claims: All goods shall be considered delivered to the purchaser when placed in the hands of the carrier and co-signed to the purchaser. Loss, damage or destruction of any merchandise is assumed by the purchaser and claims must be addressed to the carrier before the receipt of goods.

Returns: All sales are final. However, for exchange, permission must be obtained from TEA's Design, Inc. in writing before returning any merchandise. All returns must be prepaid and are subject to a 20% handling charge. Credit will apply to purchases only. Any merchandise held over 30 days may not be returned.

Warranty: TEA'S Design, Inc. warrants that it will replace or repair without charge, any merchandise except foam and fabric returned within 2 years from date of purchase, freight prepaid, and which is found to be faulty or defective in material or workmanship. This warranty becomes null and void in case of faulty installation or modification to the seat, frame or brackets. Liability is limited to replacement or repair of goods sold and does not include any other claims.

Attention: Modification to TEA'S Design seats and/or brackets excludes all TEA's Design liability.
